

PRODUCT INFORMATION

PRO CARE LITHIUM EP GREASE

Description

Lithium EP Grease is a high-performance long-life lubricating grease on a mineral oil basis with EP additives for high loads.

Benefits

- Reliable lubrication even under great load EP additives
- Reduce friction and wear
- Highly adhesive and centrifugal force-resistant
- Are age and shear-resistant
- Are waterproof
- Reduce running/operation noise
- Have a temperature range of -30 °C to +120 °C

Application

- Lubricates friction, roller and ball bearings, guides and joints
- Used at medium temperatures and high loads
- Have universal uses
