

PRODUCT INFORMATION

PRO CARE MULTIPURPOSE LITHIUM GREASE PRO

Description

Multipurpose Lithium Grease Pro is high-performance long-life lubricating grease on a mineral oil basis with EP additives and additional graphite Solid lubricants for very high loads.

Benefits

- Reliable lubrication even under great load
- Reliable long-life lubrication
- Very good emergency operation properties due to the solid lubricant included
- Reduces friction and wear
- Highly adhesive and centrifugal force-resistant
- Age and shear-resistant
- Waterproof
- Reduces running/operation noise
- Temperature range -30 °C to +120 °C

Application

- Lubricates friction, roller and ball bearings, guides and joints
- For medium temperatures and very high loads
- Useful wherever emergency operation properties are required
- Has universal uses
