

## PRODUCT INFORMATION

### PROCARE DE-ICER

#### Description

**De-Icer** is an alcohol-based de-icer with liquid gas for fast and effective de-icing of ice and frost. Delays the formation of ice.

#### Benefits

- Very good de-icing
- Excellent material compatibility
- Protects plastic surfaces and windscreen wipers
- Reliable spray behaviour down to -20°C
- Delays the formation of ice

#### Application

- Frozen door seals
- Iced up windows
- Iced up locks

#### Instructions

Shake can well before use. Spray onto the windows from approx. 15 cm away from top to bottom. Spray directly into the lock openings of door locks. The thawing effect starts immediately.
